

THEY COME TOGETHER

Backache and Kidney ache are Usually Inseparable. Some Heppner People are Learning How To Get Rid of Both.

Does your back ever ache? Feel lame, weak—so sore you can hardly work? Are you making the common mistake—

Waiting for it to pass away? To cure the backache, you must cure the kidneys.

The pain may cease, but it is sure to return. You may feel tired and worn-out all the time.

Urinary troubles may annoy you, headaches and dizziness. Make up your mind your kidneys need attention.

Begin taking Doan's Kidney Pills at once. Doan's have strengthened thousands of sick, weakened kidneys. Have driven out kidney backaches for good.

No Heppner reader can doubt the following statement.

Its from a resident of this locality. Mrs. F. M. Gentry, Church St., Heppner, Oregon, says: "A member of our family used Doan's Kidney Pills for backache and other troubles, caused by disordered kidneys. This remedy lived up to all the claims made for it and brought great relief."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

School Notes.

By Su. M. Notson.)

On the 5th inst., accompanied by the editor of the Gazette-Times, I visited the school in District No. 17. Here Mrs. Sylva Missildine and ten pupils were busy closing up the work of the week. The pupils have planted several rose bushes and also have some school gardens under way. Since my last visit, a new stove has been placed in the room; new window boards provided for the windows; a good well sunk in the yard, equipped with a good pump. The pupils of this school are preparing to enter the school contest.

On the 9th and 10th, I visited the school at Irrigon. Prof. Kicker and Miss Park feel that the pupils have made excellent progress this year. The pupils are acquiring the Palmer system of writing. I noted some excellent work in map-drawing. Miss Park directs the industrial work in sewing, mat-weaving and basket making. The building has been painted recently, throughout. The walls and ceilings are a light cream color, which makes the reflected light soft. This is quite an advantage to the eyes. A fine flag floats from a new steel flag-pole. The water supply is kept in a closed stone water tank, and the pupils have individual cups. The pupils are enthusiastic over the school contests. The next school was the one at Castle Rock. This is a small school, only six pupils being in attendance. The pupils of this school are also acquiring the Palmer system of writing under the direction of Prof. J. A. Gibbons. This school

has the best equipped library among the one room schools in the county. It also has several fine framed pictures upon the walls. The pupils are preparing to enter the school contests and are very enthusiastic about this line of work.

Primary April 19, 1912

Geo. T. Cochran

Progressive Republican Candidate for Congress. I promise the people "that their will shall be my sole guide."

Born in Union County, Oregon, November 1, 1877. Educated in the schools of Oregon. A graduate of Stanford University.

Admitted to the Bar in 1901. Four years in the Government Service, Philippine Islands. Practiced law at LaGrande since 1906.

Elected Water Superintendent for Eastern Oregon and knows Eastern Oregon's greatest need—Irrigation.

Favors:—Presidential Primaries; direct election of senators; 320 acre homesteads with 3 years residence and 6 months leave of absence; Panama Canal free to American shipping; efficient regulation of trusts and extension of jurisdiction of Interstate Commerce Commission; money system independent of Wall Street control.

A ladies plain gold band ring. Finder please leave at this office and get reward. St.

JOHN B. RATTO

the Renowned Impersonator

will present his

"Character Sketches From Life"

at the

Star Theater, Monday Evening, April 22

This is the final number of the Lyceum Course.

Ratto lives every character he studies; when, for example, he presents Gunga Din (Kipling) he is Gunga Din. Seldom can an unprofessional audience appreciate this poem, but Ratto has the rare quality of popularizing classics, simplifying them without having to make apologies to their builders.

While his programs are miscellaneous, each number naturally and logically follows the one which went before, combining to make a grand panorama of associated characters. In presenting each number, Mr. Ratto "makes up." He pencils in full view of his audience, telling an appropriate story the while. Pencilling finished, he turns quickly to the table mirror to adjust his wig, facing about to surprise you with the accuracy of the representation. You will be delighted with this number.

BLACKHORSE

Dan Haushever suffered the loss of a valuable colt last week.

The Misses Anna Johnston and Polly Morgan were week end visitors to Blackhorse.

Mr. H. A. Delameter and family of Mill Grove, Mo. are visiting with the J. H. Frad's.

The Blackhorse school celebrated Arbor Day by planting some lousier trees in the yard.

George Missildine has just taken up a homestead of 280 acres, lying near the Buttes.

Dave Brown's family hold the record for Easter eggs. Mrs. Brown cooked fifty—in her incubator.

Everyone has finished spring seeding now. Ed Brown has just finished putting in 150 acres of barley.

J. S. Baldwin's boys have been down with the chickenpox. They have recovered now, however and are back in school again.

Mrs. Harvey Scott has returned home much improved in health, after some weeks in Heppner, where she has been treating for appendicitis.

S. E. Notson and V. Crawford visited the school on Friday. Mr.

Notson has promised to come on again and give an illustrated lecture in the near future.

For Sale.

Mules don't have the "walking disease." Why not raise some? Buy a jack from J. T. Knappenburg, Ions, Or. Can show three crops of colts at the ranch. Or will trade for livestock.

"I suffered habitually from constipation. Doan's Rogulets relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, Sulphur Springs, Tex.

Lost.

A yearling bay colt, with one white hind foot, branded P on right shoulder. This animal was missed from the Andrew Neal pasture at Lone Rock the early part of October 1911. A reward of \$5.00 will be paid for information leading to its recovery.

AARON PETERSON,
1 mo. Eight Mile Oregon.

Rev. Father Brady who conducted services for Father O'Rourke in the Catholic church on Sunday, departed for his home at Condon on Monday.

N.J. SINNOTT

Republican Progressive Candidate for Congress

N. J. Sinnott, who will be republican congressional candidate at the coming primaries, was born at The Dalles, Oregon. For the past twelve years he has been the law partner of Judge A. S. Bennett under the firm name of Bennett & Sinnott, at The Dalles, Oregon.

Mr. Sinnott represented Wasco and Hood River counties in the last two sessions of the State Senate.

Advocates the trial in this Congressional District of civil and criminal cases arising therein and triable in the Federal Courts. Prevention of gambling in farm products. Income tax. Direct election of U. S. Senators. Presidential primaries. Maintenance of the Oregon system. More liberal homestead laws in line with the Borah homestead bill. Parcels post. Freest use of forest reserves and natural resources consistent with liberal conservation ideas. A tariff based on the difference in the cost of products at home and abroad. Free canal for American ships. Restoration to Oregon of its just share of the reclamation fund.

(Paid Adv.)

JAS. P. NEAL

Republican Candidate for District Attorney before the primaries, April 19, 1912.

If I am nominated and elected I will, during my term of office, endeavor to enforce the law strictly and impartially, to make the administration of the duties of such office absolutely free from all partisan influence or personal prejudice and to use the machinery of such office for the benefit of the people of the District as a whole. I believe in the principles of popular Government and that the Electoral rights are best safeguarded by the methods in use under the Oregon System.

A NEW INSTRUMENT

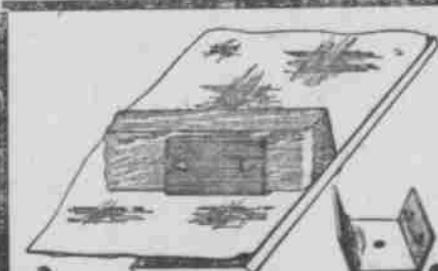

An attachment for hoe drills as illustrated here has two very valuable and important features which every progressive farmer will appreciate. These are made to fit any hoe, are easily adjusted and answer the double purpose of regulating the depth of sowing and at the same time presses the soil firmly around the grain thus insuring immediate germination. Splendid results are obtained from their use.

Manufactured by

Pendleton Iron Works, Pendleton, Oregon.

We have an up-to-date machine shop and foundry and employ skilled workmen in every department. We solicit your patronage.

IT WILL DO IT

Let the AKERS PATENT FASTENER reduce your draper troubles to a minimum this season.

The fastener, which is illustrated here, is stamped from sheet steel, having two brads struck up from each jaw which are driven into the stick when the jaws are set up.

This holds the stick as if in a vise. There are no rivets going through the stick to weaken or split it. We use the best No. 6 duck, straight grained ash sticks and first quality leather belt.

We guarantee the quality and we guarantee the workmanship. These drapers will cost you no more than other makes and they will save you much time and annoyance.

Don't fail to use one on your Harvester or Header this season.
